

ACHE-MIDDLE TN  
LEADERSHIP DEVELOPMENT

Early to mid-careerist looking to grow and develop your leadership skills?

Enjoy learning from colleagues across the state?

Willing to step outside of your comfort zone & accept feedback?

Answered yes to the questions above? ACHEMT's Leadership Development Program is the opportunity you've been looking for!

The American College of Healthcare Executives of Middle Tennessee (ACHEMT)'s Leadership Development Program combines site visits, lectures, skills assessments, networking, and coaching to prepare emerging leaders with the skills to influence others and immediately impact their organizations.

In addition to the core curriculum, the program also offers the early- to mid-careerist leader the opportunity to interact with peers from across the area, increase exposure in the Middle TN Chapter of ACHE, and network with some of the area's leading healthcare executives.

**As a Leadership Development Program (LDP) participant, you will be provided:**

- An opportunity to evaluate and enhance your leadership abilities and prepare you with skills to influence others and immediately impact your organization
- Exercises to further develop your personal leadership profile
- An environment for professional networking with fellow healthcare careerists
- Exposure to a variety of Middle Tennessee healthcare executives
- Access to learning from Senior Executives who will offer insight into their career path and lessons learned
- Attend ACHE of Middle TN's Annual Meeting in October and earn Face-to-Face Education hours (registration fee provided by the Chapter)

To find out more information or to apply for the program please visit the Leadership Development Program page at [achemt.org/ldp](http://achemt.org/ldp).
